

## Background on the \_\_\_\_\_ School Library Program

Fall 2011

The \_\_\_\_\_ School Library program supports our school's curriculum with resources and technology, as well as providing for the information and recreational reading needs of our \_\_\_\_\_(number)\_\_\_\_\_ students in grades \_\_\_\_ through \_\_\_\_\_. As the school librarian, I teach skills that address the PA Reading, Writing, Speaking, & Listening Academic Standards, especially in helping students to read and research independently. Here are some statistics about our library program:

- Staffing -  
[list days or hours open per day or week if not full-time; include aides]
- Hours open to students -
- Number of books per student -
- Average age of books -
- Number of computers -
- This year's budget [or how many new books you are able to buy in one year]
- Student Usage - [# of student per week or day, or whatever data you collect]
- Ave. number of classes taught per week by the Librarian -

The library's instructional program teaches students to use ACCESS PA and the POWER Library databases, funded by the state legislature. Our library has also received state grants including\_\_\_\_\_. Our program also offers special programs or features such as\_\_\_\_\_. [BRAG HERE!]
