PSLA LISTSERV POLICY

The PSLA Listserv provides a means of communication for members in regard to information dealing with school libraries. Members can support each other by networking and collaborating, as well as be advised of activities, news and issues of PSLA.

The PSLA listserv is hosted by HSLC and managed by a member of the Operations Committee.

All posts must be written in a professional tone. Commercial or self-promotional material is not to be posted. One-time notices about school library professional development opportunities, job postings, publications, evaluations of resources or products, and announcements are examples of acceptable listserv use. Personal postings are not acceptable. Postings are to be free of bias, defamatory, offensive, or obscene material. Copyright regulations must be maintained at all times. Members are authorized to copy, print, or distribute listserv information. Information posted is not confidential.

PSLA does not take responsibility for email hacking which may result in unauthorized messages sent through the listserv. PSLA does not endorse or take responsibility for the information and opinions posted by members.

Listserv membership is a benefit of PSLA membership. As PSLA members are added to the listserv a welcome message is sent to the email address that is provided by the member at the time of registration. Members have the option to unsubscribe at any time.

Under special circumstances, the PSLA Board may grant listserv membership to those who are not PSLA members.

PSLA reserves the right to suspend listserv privileges of those who violate this policy.
